Vinification: Temperature-controlled fermentation carried out with yeasts.

Ageing: 9 months on its lees in stainless steel tanks.

Bottling: Rounded off in the bottle for at least 3 months.

With this wine we look for a balance between two styles: fresh and varietal but complex and elegant.

This wine is straw yellow with clean and bright greenish reflections. Intense, with tropical fruit aromas. In the mouth it has great volume, as well as being unctuous, oily and well structured.
